PUB-WM-006 2006

New for 2006

- ◆ There are three new Turkey Management Zones open in northern Wisconsin this spring (44, 45, 46).
- ◆ In 2006, there will not be spring turkey hunting in Newport, Interstate, or Willow River State Parks because we are in the process of developing permanent rules for these state parks. For those of you who are interested in hunting these parks, the opportunity may be available again in 2007.
- ◆ Additional Spring Turkey permits: If the number of spring turkey permits exceeds the number of applicants for a specific zone and time period, any remaining permits will be issued on a first come, first served basis. The permits will be available at any license sales location, over the phone at 1-877-945-4236, or online at dnr.wi.gov. The fee for these permits will be \$10 for residents and \$15 for nonresidents. Residents will be required to pay an additional \$20.25 and nonresidents an additional \$65.25 for a 2006 Spring Turkey License and Stamp unless they have previously purchased this license and stamp or are a 2006 Conservation Patron license holder.

Residents and nonresidents will have equal opportunity to purchase these permits. Purchasing these permits will not affect your preference status for future Spring or Fall Turkey permit drawings.

You may purchase one permit per day starting March 10, 2006 until each zone and time period is sold out.

Turkey Permit Drawing System

- ◆ Turkey permits are distributed by drawing using a preference system that determines which applications go into the drawing first, second, etc. First preference is resident landowners, second preference is residents who applied for, but did not receive, a spring permit the previous year, third preference is all other residents. Nonresident landowners followed by other nonresident applicants are fourth and fifth preference, respectively. The number of permits for each zone are divided equally amongst each of the six spring time periods. Success in the drawing depends on the number of permits vs. the number of applicants for each time period. Those who restrict their choices to only the early time periods may not draw a permit, while those who apply for any time period have a greater chance of receiving a tag.
- ◆ **Fort McCoy:** Applications for Fort McCoy spring turkey hunting permits may be obtained by calling 608-388-3337 or by writing to Fort McCoy, no earlier than February 1. Write to: Directorate of Training & Mobilization: AFRC-FM-TMR-B (Permit Sales), 110 E. Headquarters Rd., Ft. McCoy WI 54656-5226. *Note: You may not apply for a Fort McCoy spring turkey permit if you receive an approval to hunt turkeys, through the state drawing, in a Wisconsin turkey hunting zone for the 2006 spring season. However, if you are issued a Fort McCoy permit, it does not prevent you from being able to purchase a permit over the counter.*

License Requirements

- ◆ **Successful applicants will not receive their permits via mail.** Successful permit applicants will be mailed a postcard notifying them that they were successful in drawing a permit. The notification will indicate the zone and time period for which their permit is valid. **Successful applicants must obtain their permit from a license agent.**
- ◆ Except for Conservation Patron and Senior Citizen Recreation Card holders, all applicants successful in drawing a permit must purchase a 2006 Spring Turkey License and 2006 Turkey Stamp* to hunt turkeys with firearm or bow: Resident License—\$15.00, Non-resident License—\$60.00, Turkey Stamp—\$5.25. Patron License holders who have been successful in the drawing will be issued a permit at the time they purchase their Patron License. Senior Citizen Recreation Card holders who are successful in the drawing must go to any license sales location and receive their permit at no charge. These customers must present their Senior Citizen Recreation Card to the license sales agent.
- ◆ Spring Turkey license and stamp* will be available for purchase beginning March 10 at DNR Service Centers, license agents, by calling toll-free 1-877-945-4236 or by going on-line at dnr.wi.gov (VISA, MasterCard; there is a \$3 handling fee for purchases by phone or Internet)

* Because the system prints your turkey stamp “privilege” on your license, the actual stamp is no longer required. The actual stamp is available at DNR Service Centers for collection purposes.

Turkey Stamp and Carcass Tag

- ◆ Hunters must have their turkey license/stamp/ permit/carcass tag with them while hunting and display it to a warden upon request.
- ◆ Registration stubs will be available at the registration station and will not be part of the license.
- ◆ It is illegal to transfer a license, permit/carcass tag, or stamp privilege to another, or allow their use by anyone else.

Baiting

- ◆ No person shall place or hunt by the aid of bait over an area where a person knows or reasonably should know that the area is or has been baited. An area is considered to be baited for 10 days after the complete removal of the bait.
- ◆ Bait and baiting means placement or use of any material attractive to wild animals but does not include vegetation or agricultural crops that are present solely as a result of nature or normal agricultural practices.

Special Turkey Hunts for Disabled Hunters

- ◆ Hunters with a Class A or C permit, who want to participate in a disabled turkey hunt, are required to obtain permission from a landowner willing to sponsor a hunt and must meet all application requirements. For information or special hunt application (forms 2300-271 and 2300-271A) please contact your local DNR Service Center or the Assistant Upland Ecologist at 608-261-8458, 101 S. Webster St., P.O. Box 7921, Madison WI 53707-7921.

Bag Limit

- ◆ The bag limit is one bearded or male turkey per tag issued. A bearded turkey is a turkey with a bristle-like appendage protruding from the upper part of the breast. **Note:** Bearded or male turkeys with white plumage may be harvested and must be tagged in accordance with proper tagging procedures. **Note:** Applicants with more than one tag may harvest more than one turkey on the same day *only if* the tags are for the same time period.

Other Restrictions

- ◆ You may not hunt turkeys:
 1. By any means other than a shotgun or muzzle-loading shotgun fired from the shoulder, a bow and arrow or crossbow.*
 2. With or while in possession of shotshells or shot **larger** than:
 - no. 2 steel
 - no. 4 lead or
 - other no. 4 non-steel shot
 3. With the aid of recorded bird calls or sounds, or electrically amplified imitations of bird calls or sounds.
 4. With the aid of dogs.
 5. With live decoys for the purposes of enticing turkeys.
 6. With the aid of bait.

*Crossbows are only allowed for resident hunters 65 years of age or older and resident or non-resident disabled hunters with a Class A, B, C or crossbow permit. The crossbow shall have a minimum draw of 100 pounds, a workable safety, and use at least 14-inch long bolts or arrows equipped with broadheads.

Assisting Other Hunters

- ◆ You **must** possess a turkey hunting license, stamp and valid, **unused** carcass tag if you possess a firearm, bow or crossbow *and*:
 - a) a turkey decoy or calling device, or
 - b) a member of your hunting party possesses a turkey decoy or calling device
- ◆ No license is required to call turkeys for another hunter if the caller does not possess a firearm, bow or crossbow. However, a guide license is required if a fee is charged.

Tagging, Transport and Possession

- ◆ Upon killing a turkey, immediately validate the carcass tag by cutting a slit corresponding to the day of kill; then attach the tag to the featherless part of the turkey's leg with a tie.
- ◆ You may not carry by hand, possess or transport a turkey unless you have lawfully killed and tagged the turkey.
- ◆ While hunting, you may not possess a validated carcass tag that is not attached to a lawfully killed turkey.
- ◆ You may not remove or allow the removal of a validated carcass tag from a turkey prior to registration.

Registration

- ◆ Bring your tagged turkey (registration stubs will be available at the registration station) to a designated registration station no later than 5:00 P.M. the day after it is killed. A metal registration tag will be attached to lawfully taken turkeys; keep this tag until the meat has been eaten. For a list of registration stations call your local DNR Service Center or look on the DNR website (dnr.wi.gov).

Focus on Safety

- ◆ Be certain what you see or hear is a turkey—not a decoy or person.
- ◆ Do not wear red, blue or white—the color of a gobbler's head.
- ◆ Consider wearing blaze orange when moving from place to place.
- ◆ When another hunter approaches never wave, stand or sound a turkey call; use your voice or whistle instead.
- ◆ Avoid stalking turkeys. Use decoys with caution.
- ◆ Select calling or ambush sites with your back to a tree at least as wide as your shoulders and where you can see at least 40 yards in all directions.
- ◆ Never assume you are the only hunter in the woods.
- ◆ Be certain no one is positioned beyond the turkey you are shooting at.

Turkey Hunter Education

- ◆ Learn turkey biology and behavior, turkey hunting methods, regulations, safety precautions, landowner-hunter ethics, scoring trophy birds, and ideas on how to prepare your bird. These **FREE Turkey Hunting Education Clinics** will be held around the state during February and March and are sponsored by the Wisconsin DNR and the Wisconsin Chapter of the National Wild Turkey Federation. Plan on attending one in your area and either brush-up on your skills or learn new techniques to bag that elusive long-beard. Call 608-261-8458 or log onto dnr.wi.gov for a list of clinic dates, times and locations.
